WORK EXPERIENCE

Full Stack Developer

Airline Pros

07/2024 - 11/2024

remote

Achievements/Tasks

- Strong exposure to the travel domain, working on an Online Travel Agency (OTA) project.
- Worked on building and maintaining scalable web applications using **NestJS** and **NextJS** frameworks.
- Hands-on experience working with **Amadeus API** and other flight consolidator APIs to enhance booking and flight search functionalities.

Full stack Developer

Quest Global Private Limited

01/2022 - 06/2024

hybrid

Achievements/Tasks

- Developed dynamic web applications using **ReactJS**, leveraging the power of **Redux** for state management. Implemented and maintained responsive user interfaces to enhance user experience.
- Engineered audio calling applications using **NodeJS** and **ExpressJS**, incorporating **webRTC** technology for seamless communication. Spearheaded the implementation of **event-driven architecture** using **KafkaJS** and **WebSockets** packages.
- Contributed to the development of a robust **microservices architecture** using **Spring Boot**, ensuring scalability and maintainability. Collaborated with cross-functional teams to deliver high-performance and resilient microservices.
- Applied containerization techniques using **Docker** to encapsulate applications and dependencies for consistent deployment across environments. Orchestrated containers with **Kubernetes** in Docker Desktop and Rancher Desktop within the WSL environment.
- Successfully deployed applications to **AWS Cloud**, utilizing EC2 instances. Automated ad-hoc tasks on EC2 instances using **Ansible**, streamlining deployment processes and ensuring consistency.
- Proactively took on the role of a mentor, guiding and training new team members in MERN (MongoDB, Express.js, ReactJS, Node.js) stack development. Developed comprehensive training programs to equip newcomers with the necessary skills and knowledge for successful project engagement.

EDUCATION

B.tech

Younus College of Engineering & Technology

04/2016 - 04/2020

Course

- Computer Science & Engineering

Full stack Developer Course

ICT Academy

10/2020 - 05/2021

Trivandrum

SKILLS

ReactJs

NodeJs

Docker

Kubernetes

WebSocket

JavaScript
